(Requests and like-to-haves)

These are merely requests and not demands. This is a list that is helpful in making the event run smoothly and to help Marc and the band do their best.

Green Room or Dressing Area

We would like to have access to a private room for the band with a pitcher or bottles of drinking water (room temp is great). We also appreciate having chairs for 6 people. If possible, please designate a bathroom specifically for the band.

Food Preferences

We are happy to find our own meals on a per-Diem basis, or to include food costs in with the event price. If it is more convenient to provide food for the band, the breakout box below lists some of our food preferences (this is because we prefer to eat healthy-otherwise we'd get pizza every time!). We do like to have an assortment of snacks in the Green room to have available during setup and tear down. This could be a meat/cheese tray with crackers, bread and condiments, or a fruit and veggie tray with assorted dips.

Lodging

There will be _____ band members in need of lodging, and may include _____ married couples. We will need _____ smoke free rooms at a nearby 2-3 star hotel that serves free breakfast.

Vehicle Parking

In order to park our Rig, please designate or insure a parking area large enough for a bus and trailer at the church, venue and hotel. If there is not a space large enough to accommodate the bus and trailer, we will need rides to and from the performance.
